

# COMMUNITY TECH CARE CORPORATION (CTCC)

*Empowering...Educating...Enhancing*

## CTCC Computer Workshops

This workshop is **FREE** to our students, however donations are welcome.

This course is designed to give students a working knowledge of their computer/laptop. Students will learn how to assemble, configure and maintain their PC/laptop. They will also learn the basics of security, forensics and networking

Additionally, students will learn how to safely and properly diagnose, and resolve common software and hardware issues while applying troubleshooting expertise learned in this workshop. Upon completion of this workshop, each student will be given a USB with the necessary tools used to remove most common PC viruses.

This is a four-day session held on Saturdays.

Day One Online learning via Zoom	Day Two Online learning via Zoom	Day Three Online learning via Zoom	Day Four In Class workshop and wrap-up
<b>Breakdown of computer hardware</b> <ul style="list-style-type: none"> <li>Storage</li> <li>Memory</li> <li>Mother Board</li> <li>Case</li> <li>CPU (Central Processing Unit)</li> <li>Graphic Processing Unit (Video Card)</li> <li>RAM (Random Access Memory)</li> </ul>	<b>Protection from computer viruses</b> <ul style="list-style-type: none"> <li>How to use antimalware apps to removing viruses</li> <li>Social Engineering</li> <li>Basic understanding of computer registry</li> <li>Command prompts</li> <li>Safe mode</li> </ul>	<b>How to troubleshoot and replace parts on your PC/Laptop</b> <ul style="list-style-type: none"> <li>Troubleshooting your PC/Laptop</li> <li>What the different beeps mean</li> </ul> <b>How to replace most common computer parts</b> Hard Drives   Laptop screens   Memory   CMOS Battery   Laptop battery   Video card   Wireless network card   RAM	<b>How to install the following items for a PC</b> Hard Drives   Memory   Network Card   Motherboard  <b>How to replace the following for a laptop</b> Laptop screen   Memory   Hard drive   Fan <b>How to trouble shoot a computer issue</b>  <b>How to remove virus from a computer</b>

**NOTE:** Class size is limited to 25 students per class: first come/ first serve.

All CTCC workshops are free to students due to the donations and grants we have received throughout the year. If you'd like to donate to future workshops, please visit our website <https://communitytechcare.org/>, and make a donation.
